

# LINCOLN PK-8 NEWSLETTER

## Thanks....For A Great First Month

It's almost hard to believe that the first month of school is already behind us!

### Lincoln CHAMPionS!

CHAMPS is an acronym for Conversation, Help, Activity, Movement, Participation and Success. It's a proactive approach to classroom management that helps teachers create a positive learning environment. The strategy involves setting clear expectations, minimizing distractions, and providing frequent positive feedback.

It's School Picture Time! Pictures will be taken on October 14th & 15th. Grades PK-4 will have their pictures taken on Monday, 10/14/24 and Grades 5-8 will have their pictures taken on Tuesday 10/15/24. Order forms will be sent home soon.

### Reading Improvement Plans or RIMPS

All students in grades K-3 are being assessed this Fall in Reading and Writing. After students in grades 1-3 have taken the NMAP and Kindergarteners have taken the Kindergarten Readiness Assessment, results will assist us in determining whether or not the child is reading on grade level.

If your child is not reading at the expected text level, she/he will have a Reading Improvement Plan (also called a RIMP) to focus on specific skills your child needs to be a better reader. These RIMPs will be shared with you during November (as well as later, as you wish), so that you can follow your child's reading progress throughout the school year.

Our goal is to help each student become proficient, strong readers.

### DEAN OF STUDENTS UPDATE:

Friday, October 18th, is the last day of the 1st 9-week grading period. Report cards will be mailed home and you should receive them by the following Friday. Third graders will be taking the Fall Administration of the Ohio State Tests in Language Arts. Part 1 of this test will be Wednesday, October 23rd and Part 2 will be on Thursday, October 24th.

Please remember we must receive a written note following an absence for a student to be marked excused.

### Dental Sealants

The Warren Health Dept. offers FREE dental sealants & Flouride Varnishes to all WCS 2nd graders & 6th graders. Sealants are a plastic coating that protect teeth from cavities. They are easy to apply, DON'T HURT, and are done at school! Please return the sealant form sent home to take advantage of this awesome program!
