

McGuffey 6-8 Penny Wars

McGuffey students in grades 6-8 will be participating in Penny Wars for the United Way. Students are encouraged to bring in donations for the United Way and have some friendly competition with each other.

Pennies count as 1 point and currency counts as the number of pennies it reflects: \$1.00 is 100 points, \$5.00 is 500 points, \$10.00 is 1,000 points, \$20.00 is 2,000 points.

Students will put their pennies and currency in to a container for their grade level. But, here's the catch....if a student has nickels, quarters or half dollars, they can put them in the container for a different grade and that grade will lose points! For example if an eighth grader puts a quarter in the 7th grade container, then 7th grade loses 25 points! The winner will be the grade that has the most points at the competition, which is from March 13th-March 17th.

The winning grade will have a ice cream party at lunch,
but the big winner will be the United Way!

"Classroom Dimes"

Each 6-8 classroom will also be collecting dimes. The classroom who has the most dimes collected will win a pizza party.

McGuffey K-5 Penny Wars

McGuffey students in grades K-2 and 3-5 will also have Penny Wars. Each classroom will fill a container with donations for the United Way. The classroom in each pod that collects the most money will win an ice cream party. The grade level in each pod that collects the most money will win a dance party!

And, again, the big winner will be the United Way!

During the Penny Wars, all proceeds from ice cream sales during the lunch hours will be donated to United Way!
